When Most Countries on Earth Do the Exact Same Thing at the Exact Same Time | It Is a Globalism Trap

> ***"Nations must unite in a world government or perish". ~ Charles de Gaulle***

This is not a new concept, but one that has reached its pinnacle this century. The most defining moment of this evil collusive partnership of nations was exposed for all to see during the fake 'covid' hoax beginning in earnest in 2020. It was not the first time nor the last, but **the curtain was pulled back and the government 'Oz' was fully undressed without apology**; **an open preview of the one world technocracy being structured as the new multi-technate order.** At this point, the central controlling technate for this world takeover is the Technate of America, or the North American Technate. The plans for this coup were laid almost 100 years ago, but now are becoming a reality.

The 'covid' scam laid bare the idea that most every country on earth was doing the exact same thing at the exact same time; an impossibility unless all was centrally coordinated. I do not mean to suggest that a handful of oligarchs sat around a table, and gave orders for every country to participate in that scam, but certainly the powerful in all these countries were on board, regardless whether or not they were in the decision-making loop of the controlling cabal or not. That in fact, is not necessary in order for such a conglomerate of power to operate, as the top-down hierarchy need not expose themselves to those who are far down the chain-of-command so to speak, as compartmentalism is used as the psychological maneuvering tool to control the resulting outcome.

If any remember, as most seem to have the disease of intentional ignorance or memory loss, 229 different countries and territories claimed to have 'covid' cases; all at the same time. This is amazing considering that there are only 195 'sovereign' states according to the United Nations recognized member states list. In other words, basically every country on earth claimed to be affected by this pre-planned, bogus 'covid pandemic' nonsense. That means that most all countries participated in extreme tyranny, and had either lockdowns, border closings, mandated lethal injections, masks, curfews, travel restrictions, business closings, quarantines, or any or all of these or more heinous limitless constraints in place. That could only be a mass coordinated effort worldwide. How could that happen? I suggest that it was nothing less than **a monstrous test of 'loyalty' of nations to the concept of a one world governance, and a test of compliance by the pathetic masses of followers.** That is the globalism trap,

and it was a magnificent success for the self-claimed controlling aristocratic ruling class.

As I have stated on multiple occasions, **we now live "in a totalitarian and fascist nation-state, that is bent on the total destruction of the individual, in favor of a top-down technocratic ruling system that would design, surveil, monitor, and control every individual allowed to remain alive after the global reset of all societies."** The idea of a 'democracy' is **lunacy**, and as Fred Reed so eloquently put it:

> "Voting in particular is an embarrassment, being a public display of weak character and low intelligence. Let us face the truth: Democracy, like spitting in public or the Roman games, is the proper activity of the lower intellectual and moral classes. It amounts to collusion in one's own suckering."

Voting for a master to rule over you, whether a single dictator or monarch, or any governing system, is akin to the admission of being a slave to the State, making control of the individual, and therefore the entire proletariat masses, an easy task for the organized crime syndicate called government. If you look, even for a moment, you will be placed directly in the presence of a world where every government in every country, every nation-state, and most every territory, is acting in full concert to affect a one world oligarchical governing network of rule. That is technocracy in every way possible. Again, this is a trap set for fools.

Whoever controls your thinking, controls you entirely. This country used many different techniques, mainly the vast indoctrination centers called 'public (government) schools, to dumb-down and brainwash this population almost from birth, and later in life, by constant propagandized State narrative exposure based on nationalistic insanity and lies. When nation-states control its populations from birth to death, the outcome is always the same; a docile, idolizing, compliant, cowardly, and fully obedient herd of plebiscites. This breeds dependency and serfdom; all based on a mass seeking of false authority. This is the U.S. religion, which manifests itself in worship of politics, parties, and the State itself.

Edward Bernays in "Propaganda" stated it this way:

> *"The conscious and intelligent manipulation of the organized habits and opinions of the masses is an important element in democratic society. Those who manipulate this unseen mechanism of society constitute an invisible government which is the true ruling power of our country. …We are governed, our minds are molded, our tastes formed, our ideas suggested, largely by men we have never heard of. This is a logical result of the way in which our democratic society is organized."*

'Democracy' breeds collectivism, collectivism breeds ignorance, and ignorance breeds indifference. This is when the mind stops, and intellectual thought ceases to exist, all while the powerful who understand this dynamic, continue to control and rule over a naïve society consumed by the need for alleged erroneous safety and security.

Reality has become what the State claims is real as perceived by the duped populace. The weaponized narratives expressed through governing systems and their pawns in media, narratives pounded into the brains of the commoners, are simply propaganda meant to inundate the minds of the masses to such an extent as to cause a saturation of lies to masquerade as truth. When a majority succumbs to this kind of manipulation, they become the driver of their own demise. That is where this country lives today.

> *"We shall have World Government, whether or not we like it. The only question is whether World Government will be achieved by conquest or consent."* ~ Paul Warburg, *Senate 17th February 1950*
